Membership Benefits

All memberships except Basic include the following:

- Consultation session to help you get started
- Unlimited create-your-own Career Profiles, with the help of our template and AI tools
- Recommendations for improving and increasing your visibility to students
- Inclusion of your company in our messaging to schools, parents, and students
- Members-only content and best practices
- Access to marketing and career fair resources

Compass Dashboard: Use helpful analytics to track student activity and interaction with your account, as well as understand the schools and classes you should target and how.

Career Profiles: Reach students with your unique career details including day-in-the-life, recommended skills, education requirements, tuition assistance programs, and related high school experiences.

Strategic Planning: Work with Golden Path to build a custom strategy for connecting with students and schools for future workforce.
